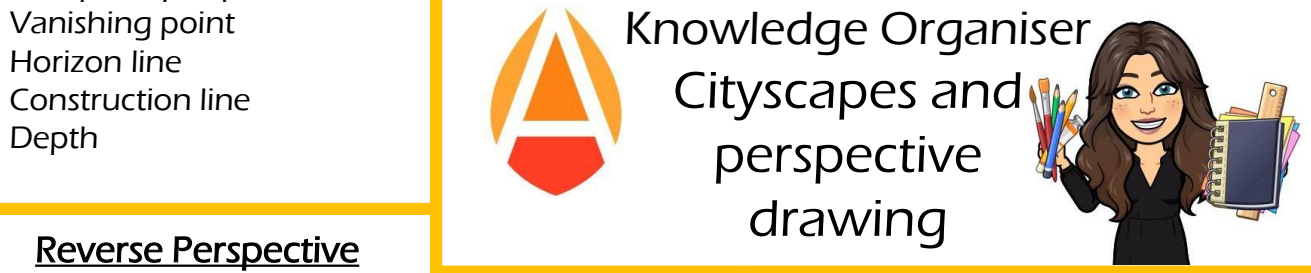
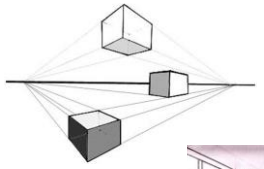
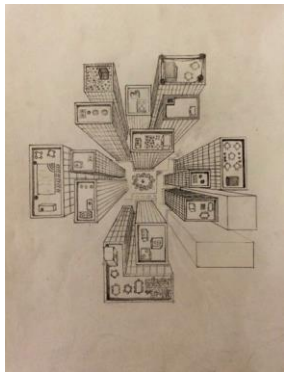
Cityscapes and perspective drawing



One- Point Perspective Drawing

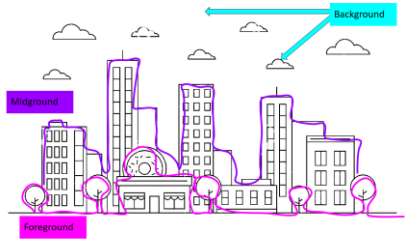


Perspective drawings show Height, Width and Depth



Distance

Foreground, Midground and Background for a City!



Create distance in your drawing by including a foreground midground and background. Depth can also be achieved by varying aspects of your drawing such a colour, size and perspective.

Key words:

One-point-perspective
Vanishing point
Horizon line
Construction line
Depth

Reverse Perspective Drawing

Colour

Graphic artists such as Yoni Alter use colour in their work on city landscapes.
